Dear Parents or Guardian,

We are very excited to once again offer our school age children a wonderful program, the “Touching Safety Program”, October 13th & 20th. Teaching touching safety is part of the “Protecting God’s Children” curriculum.

The program teaches children appropriate relationship boundaries and ways to protect themselves from violators. Touching Safety is **not** sex education; it is sexual abuse prevention education.

Touching Safety follows two principles. First, it teaches children to identify and resist any touch that can harm them-sexual or non-sexual. Second, children learn to respect their own health and safety and the health and safety of others by teaching them about boundaries.

The main focus of this year’s class will be to explore “Boundaries”, to begin to give children the ability to identify, define, and honor appropriate boundaries in different types of relationships. There will also be a review of safety rules.

The program will be offered to the children in our Wednesday Faith Formation classes, Kindergarten through fifth grade. Kindergarten – 2nd grade on October 20 and 3rd – 5th grade on October 13th. Please do not hesitate to contact me if you have any questions regarding the program or its contents.

If you would like to OPT-OUT your child, forms are available in the Faith Formation Office or you can download it from the Holy Family website – www.holyfamilyclemmons.com .

Sincerely,

Peggy Schumacher
Director of Faith Formation
